

Young Adult Council

The role of the young adult council, as it currently functions, is to provide opportunities for connection, collaboration, and opportunities for fellowship and discernment for young people in Upper New York.

The council has been able to bridge the wide geography of our area by meeting regularly through Zoom! We partnered with Skye Farm to have two young adult focused retreats. The council is discussing a future trip to Taize, possibly in 2026.

Our top three goals for the coming year include:

1. Continue to explore a Taize trip
2. Explore what young adults around the conference would find most beneficial in terms of resources, retreats, and connection.
3. Support the young adults serving on conference committees and boards.
